

The Albany section of the IES is pleased to present a very special program:

# Learning to See A Matter of Light

Presented by renowned lighting designer:

**Howard Brandston**

Howard Brandston has more than fifty years experience in lighting design, engineering and electronics, designing illumination for more than 2,500 commercial, institutional, residential and governmental projects. Mr. Brandston has received the Illuminating Engineering Society Medal, its highest honor, for his outstanding leadership in the lighting industry. He is the just the fourth designer to be so recognized by the IES.

In 2008, Mr. Brandston's book, *Learning to See, A Matter of Light*, was released followed by numerous worldwide positive reviews. The book covers the art of lighting design in the context of life. In his book, Mr. Brandston elaborates on the four elements he believes are integral into executing design: learning to see, taking responsibility, creativity, and communication.

This meeting will delve into discussions of the key topics in Mr. Brandston's book, select high profile projects he has worked on, as well as his role in the Illuminating Engineering Society through the years.

#### Fee Schedule:

(Light Fare Menu Provided)

- \$25 / IES Member
- \$35 / Non-Member
- \$5 / Student

#### Course Credits

- 2 PDH (NYS Professional Development Hours), 0.2 CEU's, 2 IES-CEU, 2 AIA-LU's
- Certificate of completion will be e-mailed to all attendees

If you would like to attend this exceptional presentation,

Please e-mail: [dscheffer@novusengineering.com](mailto:dscheffer@novusengineering.com)

**Tuesday, March 8th, 2011**

**7:00p—8:30p**

**Lighting Research Center**

Gurley Building, 21 Union St., Troy, NY 12180

**Rensselaer Polytechnic Institute**

**Please plan to arrive at 6:30p**
